

**Presidents Highlights**  
**December 12, 2021**  
**Seabeck Community Center**

Great News. The CKSD School Board approved our Operating Agreement on November 17<sup>th</sup>. The Agreement will run through December 31, 2023. Our CKSD partner has significantly contributed to SCC's mission and our community's vitality. I expect this good relationship to continue.

The November Holiday Craft Fair was a great success and splendid community gathering. Over 300 people visited the 2 day event. We have really talented people making crafts in our community.

The December holiday gathering for members has been postponed due to Covid concerns. A large number of members indicated that they would not attend. Please contact a board member if you have suggestions for a member event in the near future.

Thank you for completing the "Community Center Interest Survey" on our web site [www.SeabeckCC.org](http://www.SeabeckCC.org). Community priorities and needs come from survey data, tracking attendance and community comments. The survey, to date, indicates that the most desired activities are: food events, farmer's markets, rummage sale, sports & fitness and game nights.

I'm exploring a Speakers Forum. I have been in contact with a few groups that are willing to provide a speaker. Topics could be science, environment, wellness and entertainment. Please send me your ideas.

Pam and I are thankful for relatively good health, a caring family, wonderful neighbors, dependable friends and the best community. We wish the season fills your hearts with love, the blessings of hope and the promise of peace.

Cheers, Don
